STOP LAMP
28 L.E.D.

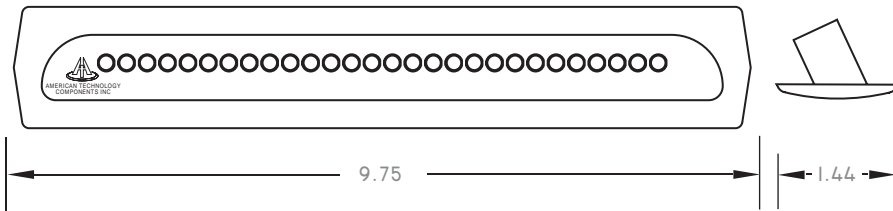

screwless
FRONT LENS
assembly

Take a look at the features of this new low profile, flush-mount L.E.D. lamp. Uniquely combined O.E.M. styling, performance, and ease of installation makes this a must see product.

Features include:

- (28) Super-Bright L.E.D.'s exceeding SAE requirements.
- Automotive Grade tape for screwless installation.
- Extended lens flange to cover rough openings.
- Accommodates 15°-25° mounting angles in a compact 9.75" (L) X 1.44" (H) design.
- Amp pins are pre-terminated on color-coded wire leads for easy dealer installs.
- Meets or exceeds all applicable industry standards.
