Finally, a high quality audio headphone, loaded with standard features and digital sound clarity - and it's affordable!

These headphones will perform under the most extreme conditions. That's why we back them with our limited three year warranty.

Our DELUXE 201 SERIES has standard single sided coiled 8' cord, 40 mm speakers and optional volume control.

Our STANDARD MODEL 101 SERIES has many of the same features as the 201 HEADPHONES, but with 27 mm speakers, straight 8' cord and optional volume control. Both units have swivel ear pieces for convenient storage.

First compare, then call us for a formal quotation.
